Problem-solving Collaboration

ABOUT ME

I'm a Product Designer with 5 years of design experience, 3 years specifically in UX/UI. I started my career as a front-end developer but transitioned into Product Design (UX/UI) in 2022.

I love travel, sport and kind of fitness obsessed (though I am impartial to a beer!).

EXPERIENCE

User Experience Designer/ Product Owner – Blue Crow Sports

Oct 2025–present

Lead designer of internal analytics tool for multi-club football group. Joint role of product ownership, planning development roadmap and bridging gap between stakeholders and agile squad.

Product Designer (UX/UI) – BT Group
2022–2025

User-centred design in agile multidisciplinary teams.

Optimised EE Business Shop buy journey, which saw 5% rise in order conversion.

Launch of BT Wholesale's customer portal 'The Hub'.

Proof concept, to design first ever bulk buy quotation tool for Large Business orders for EE Business.

Junior Designer - M3 EU

2020–2022 - 2 yrs

Hybrid role of front-end development and web user interface design. Crafting responsive web pages, banners and emails for pharmaceutical clients.

Freelance Email Developer

2019-2020 - 1 yrs 2 mos (Part time)

Digital Developer Intern – Flourish

2018-2019 - 1 yrs 2 mos

Front-end email development for clients such as Samsung and IQOS.

KEY PROJECTS

EE Business Shop E2E Buy Journey Optimisation

Redesigned and migrated EE's business platform, ironing out user pain points with an improved user experience. Resulted in a 5% increase in order conversion in the first month of deployment.

EE Business Shop Bulk Buy Quotation Tool

Also known as 'Team Plan Calculator' this tool helped generate sales leads by allowing users to build an instant quote, without signup and hassle. It saw an 8% increase in agent sales leads.

BT Wholesale's 'The Hub' Launch

A new logged-in platform for Wholesale customers to manage their account. I oversaw dashboard optimisation and improved information architecture for help and support pages.

If you'd like to learn more about my past projects, I highly recommend checking out my [portfolio](#).
